# EVENING GROUP FLYING AT THE LONDON GLIDING CLUB

Throughout the Spring and Summer we offer discounted weekday evening glider flights for parties of 10 or more.

Most flights are launched by winch, giving the participant between 5 and 10 minutes in the air. We can also offer a limited number of evening aerotow flights to 2000 feet, giving between 15 and 20 minutes air time. Aerotow flights will allow the participant time on the controls should he or she wish.

Prices for the flights are as follows (as at 31/1/11)

Standard winch launch, £27.50

Aerotow launch to 2000 feet (or cloudbase if lower) £60.00

Additional flights on the evening, if time permits, will be charged at £15 for winch and £50 for aerotow. Mixing aerotow and winch launch flights is possible, please talk to the office for conditions.

These prices include three months' probationary membership of the club, to enable you to continue flying with us at standard membership rates. Should you decide to join the club within a week of your first flight you will receive a full refund of the cost of this flight.

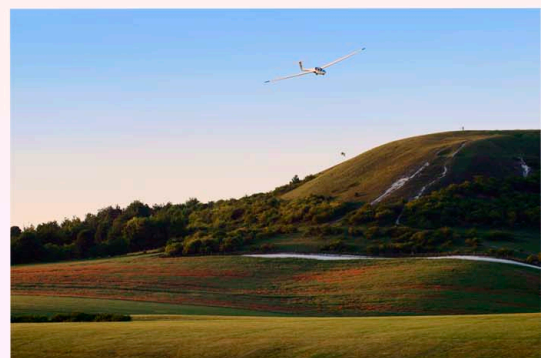

If you would like to book an evening's group flying please phone us on 01582 663419. And for more general information about gliding, about membership, and about our club please visit our website [www.londonglidingclub.co.uk](http://www.londonglidingclub.co.uk)

Points to note.

Please ensure that all members of the group are aware that they must be at the club by 6.00 pm. We give a group briefing, and those who aren't present will cause a delay to the start of the evening. If there is a problem with the weather we will contact you. Please do not cancel without contacting us first, we will have the most up-to-date weather information. Wear "country walk" type clothing, suitable for the time of year. For comfort we suggest women wear trousers or jeans. You may bring a camera but please ensure that it can be strapped to your wrist, and prepare it as such before the flight. Mobile phones are not permitted on the flight. Friends and relatives who just wish to observe are very welcome. Barbeque facilities may be available with prior notification.

A deposit of £50 is required, and can be taken over the phone. The balance will be payable to our team leader on the evening. Please ensure that all participants are aware of our height and weight restrictions. Max weight is 102 kgs (16 stone) and max height is 1.95m (6' 4"). Should fewer than 10 people arrive, the charge for 10 flights will still apply.

These notes are available as a pdf from our website [www.londonglidingclub.co.uk/evening](http://www.londonglidingclub.co.uk/evening), along with a map and directions.
