Championship

Decal locations 2020

All cars competing in the **Petro-Canada Lubricants Porsche Club Championship with Pirelli** will be required to have the decals shown below, fixed on the car, in the positions indicated, before entering the competition (Qualifying or Racing). Cars not fitted with the correct decals in the correct positions may not be allowed to participate.

Note: Please do not apply decals using soapy water, as this may inhibit their ability to adhere fully to the car.

Note: Any decals not supplied with this pack will be supplied at or before the first meeting where the car competes.
Note 2: Previous decals for Porscheshop, BRM, Ohlins, Rocket and Pagid – should be removed.
