

Porsche Club

Great Britain

Region 13 Members' Technical Day
Saturday, 21st September 2019
Cornbury House, Moreton in Marsh

09.30am **Arrival with coffee and drinks**

10.30am **The secrets of detailing**

Tom Taylor is a master detailer based at Hallow in Worcester. His company Extreme Gleam (www.extremegleamdetailing.co.uk) can provide a variety of services from detailing through ceramic coating and PPF. He will talk about the detailing process and the essential products he uses and will give a demonstration of how to achieve that high-quality finish.

11.30am **Thinking of buying an air cooled Porsche?**

Anthony Shearer from Porsche Inspections (www.porscheinspections.com) will talk about the process of inspecting air cooled cars. Porsche Inspections are the UK's leading mobile Porsche Inspection Consultancy with 17 years experience in the field. He will give some examples of what to look for when considering such a purchase.

12.30pm **Lunch**

1.30pm **Top tips in running a water cooled Porsche**

Lee and Lynsey Jones operate Porsche independent, Cotswold Porsche Specialists (www.cotswoldspecialists.co.uk). Based at Toddington, between Tewksbury and Evesham, Lee has extensive experience in maintaining and repairing all things Porsche and will discuss maintaining water cooled cars and the common issues to consider in running such cars.

2.30pm **Fancy a trip to Le Mans? A beginners guide**

Roger Aldridge will give a talk on visiting the Le Mans 24 hour race, a must-see event for all petrol heads. Roger will talk about the history of the race and the various considerations to organising a trip, including costs and tips about what to avoid at the circuit and what not to miss.

3.30pm **Close**
