Decal locations 2019 v2

All cars competing in the **Petro-Canada Lubricants Porsche Club Speed Championship with Pirelli** will be required to have the decals shown below, fixed on the car, in the positions indicated, before entering into competition. Cars not fitted with the correct decals in the correct positions may not be allowed to participate and will certainly not score points.

Note: Please do not apply decals using soapy water, as this may inhibit their ability to adhere fully to the car.
